If a Shanghai Moons' Automation Control Co., Ltd. LED driver fail to operate for the specified warranty period, Shanghai Moons' Automation Control Co., Ltd. will provide a free same model replacement as originally purchased in accordance with the Terms and Conditions set as below.

TERMS AND CONDITIONS:

This warranty only applies when Shanghai Moons' Automation Control Co., Ltd. LED drivers are properly wired and installed with suitable and compatible LED Modules within the values set forth in the published specification sheets and in equipment designed and approved for the application and in environmental conditions (temperature, humidity) within the normal specified operating range. This warranty does not apply to any abnormal use or use in violation of any applicable standard, code or instructions for use in installations. This warranty does not apply in the event of conditions demonstrating abnormal use or stress,

including under/over voltage/current conditions, power surges or spikes, excessive switching cycles or operating hours, or outside the following recommended operating conditions:

- Warranty period is based on typical 8,760 hr./yr. operation on a continuous cycle of 24 hours
- Do not exceed the Ta and Tc point (or case temperature) specified in the product specifications.

Measures must be in place to prevent lightning strikes or transients at the input of the power supply if intended to operate above the rated transient protection of the power supply.

RETURN OF DEFECTIVE PRODUCT:

After reporting the problem to Moons' the purchaser/user shall promptly return the Product after receiving instructions regarding if, when and where to ship the LED drivers. Failure to follow this procedure shall void this warranty.

Shanghai Moons' Automation Control Co., Ltd reserves the right to examine all failed LED drivers to determine the cause of failure and patterns of usage and reserves the right to be the sole judge as to whether any of these components are defective and covered under this warranty.

In the case that a replacement LED driver is provided, the initial warranty period shall remain in effect.
